Exams that go the extra mile.

Expert guidance for selecting eyewear.

Simplified pricing without surprises.

You deserve more than a prescription and frames.

There's something missing in a rapid-fire retail exam or a box of frames sent to your home. Most eye care providers are selling convenience when what you really deserve is confidence.

Find true confidence in your eyesight and appearance.

Claim the assurance that can only be found in detailed, personalized service and care.

Find confidence in how you see the world.

CLEAR Eye + Optical's exams go far beyond the norm. Our **EyeFive Health Check** sets a new standard by using the latest technology to identify threats to your optical health.

- The Optomap Scan** replaces dilation for most patients.
- An OCT Scan** provides early detection of retinopathy diabetes, macular degeneration, and glaucoma.
- Automated Visual Field Testing** identifies a key symptom of glaucoma.
- A Topography Scan** identifies a key cause of astigmatism.
- Keratograph Meibomography** helps identify dry eye syndrome.

Find confidence in how the world sees you.

The options for contacts, lenses, and frames can be overwhelming, and many stores and websites expect you to sort them out. Your **Personal Optician at CLEAR** guides you through the process so you can make a confident decision.

- We start by understanding your practical needs for eyewear. How you use them helps focus your options.
- Then, we help you find the lenses and frames that meet your needs, fit your face, and match your personal style!

Unparalleled Selection

Find everything from budget-friendly options to some of the most unique, exclusive brands in the world.
